SUMMARY

Full-stack and ML-focused software engineer experienced in building scalable web apps, automation tools, and data-driven solutions. Skilled in taking projects from idea to deployment, with a focus on impactful, user-centric products.

EDUCATION

Delhi Technological University (DTU)

New Delhi, India

B.Tech in Mechanical Engineering, CGPA: 7.09/10

Expected 2026

- Professional AI/ML specialization — Codebasics
- Web/Application Development — Angela Yu—Coursera

TECHNICAL SKILLS

Programming: Python (advanced), JavaScript, C++

Data/ML: Pandas, scikit-learn, XGBoost, Streamlit, Selenium, joblib, openpyxl

Web/Infra: React.js, Node.js, Express, MongoDB, SQL, Firebase, REST APIs

Deployment: Streamlit Cloud, GitHub, Vercel, Heroku

DS/Algo: LeetCode (200+), Git, UNIX

EXPERIENCE

Full Stack Developer Intern, Hypercode

Dec 2024 – May 2025

On Site

- Built Shopify plugin (Selenium + Liquid) to sync live product reviews from Flipkart/Amazon.
- Developed integrated CMS panels for multiple clients, led backend for accounting dashboard (MongoDB, REST APIs).

Freelance Developer ([Portfolio](#))

Jan 2024 – Present

Remote

- Launched 10+ client-facing web apps; sample: [JumpLabs and others](#) | (React + Framer, AI chatbot integration).
- Automated market research with Dawdle.live lead-gen bot — reduced data collection by 80%.

PROJECTS

Credit Risk Modelling Platform | *Python, Streamlit, ML, joblib*

- Deployed finance-grade ML tool for real-time loan risk scoring with explainable AI (SHAP), PDF report export, and admin panel.
- Built Optuna-tuned classifiers with WOE/IV analysis, API-ready architecture for integration.
- Live: [App](#) | [GitHub](#)

Recruitment Scraper + JD Matching | *Python, Streamlit, Selenium, NLP*

- Automated candidate screening tool: batch upload, JD-matching engine (NLP), ATS-export, and contact verification from job boards.
- Dashboard includes resume parsing, analytics and conversion to recruiter-ready formats.
- Live: [App](#) | [GitHub](#)

Ticket Devta | *MERN + Smart Contracts*

- Web3 platform for royalty-based ticket resale with wallet login, transfer traceability, and resale logic on-chain.

LEADERSHIP & VOLUNTEERING

- Co-Head, DTU Supermileage — Led prototype/electric vehicle build team.
- Head, Intense DTU — Managed campus-wide events for 200+ students.
- Mentor, Desh Ke Mentor (Govt. of India) — Guided 5+ high schoolers on STEM/career.
- Volunteer, Art of Living — Led blood donations, planned wellness sessions.
